VTN – your reliable and effective partner providing tailored logistics solutions

VTN (Vneshttrans) is an organizational formation consisting of a number of companies with specialist expertise in cargo transportation, in variety of logistics services, in customs brokerage services, terminal and warehouse operations. VTN separate companies participate in their own way as tools supplementing each other to result in a positive cumulative effect. Smooth interaction between VTN companies allows to provide integral logistics solutions to meet the most demanding needs of our customers.

VTN was formed on the basis of regional branch of “SOYUZVNESHTRANS” and dates back to 1935.

And these days, VTN is one of the leaders in logistics market of Russia emerging economy. Currently, a broad horizon of VTN services expanded to include Project logistics, Supply Chain Management (SCM), 3PL/ 4PL provider services, customs representative (broker) service, logistics and freight forwarding services.
